Premium

Premium – rates and amount due

The premium rates will be on record with you and us. You will receive a new rate sheet when the premium rates change. Any rate sheet will state its **effective date**.

We charge premium based on the premium rates in effect on the **premium due date**.

The premium due on any **premium due date** is the total of the premium charges for your coverage.

When we calculate premium due, we will use our records to determine who is a **covered person**.

You owe premium for a **covered person** starting with the first **premium due date** on or after the day the person's coverage starts. You stop paying premium for a **covered person** as of the first **premium due date** on or after the day the person's coverage ends.

Premium – individual proration

Premium shall be paid in full for persons who are covered for an entire month beginning with the **premium due date**.

Premiums shall be adjusted as outlined below for persons whose:

- Coverage is effective on a day other than the first day of the billing month
- Coverage terminates on a day other than the last day of the billing month

If a person's coverage starts between the 1st through the 15th of the month, the premium for the whole month is due. If the coverage starts between the 16th through the 31st of the month, no premium is due for the month.

If a person's coverage ends between the 1st through the 15th of the month, no premium is due for that month. If the coverage ends between the 16th through the 31st of the month, the premium for the whole month is due.

Premium – changes in rates

We may change the premium rates as of a **premium due date** during the initial term only if:

- There is a change in factors that materially affects the risk we assumed with this coverage. We will explain these changes in factors in our rate quote to you
- There is a change in law or regulation, or there is a judicial decision, that materially affects the cost of providing coverage

We may change the premium rates as of a **premium due date** during any following term.

We will let you know in writing of any change in premium rate 120 days before they take effect.

Premium – experience credit

We may declare an experience credit at the end of a plan year. We do not have to declare any experience credit.

If we declare an experience credit, we may return the amount of the credit to you:

- By electronic fund transfer
- By applying the amount to the premium due in the current or next plan year
- By any other manner that we and you agree to

As a condition of us giving you an experience credit, we can require you to share it, in an agreed upon manner. We will require you to apply at least the excess experience credit for the sole benefit of the employees, if the sum of employee contributions for coverage exceeds the premium paid, less any experience credits.

Premium – when due

Premium is due on the **premium due date**.

You have a payment grace period of 31 days following the last day of paid coverage. The grace period starts on the date in the notice we send you. The group agreement will remain in force during the grace period. If we have not received all premiums due by the end of the grace period, it will automatically terminate at the end of the grace period. Refer to the *Termination* section of this group agreement.

Premium – how billed and paid

We may bill you electronically. You shall pay premium due by electronic fund transfer, unless you choose to pay by check. Payment occurs when we receive good funds.

We may accept a partial payment but this does not waive our right to collect the entire amount due. We may choose not to accept **premium** that is paid for you by someone else unless we are required to by law.

Premium – overdue amounts

If you don't pay your premium on time, we will charge you interest on the total premium amount that is overdue. Overdue premium includes amounts due but not yet paid during the grace period. The interest rate will be up to 1 1/2% per month for each month or partial month an amount due remains unpaid.

We may also recover from you the costs of collecting any unpaid premium, including reasonable attorney fees and costs of suit.

Premium – eligibility corrections

We will retroactively drop a **covered person** from coverage and credit to your premium payments if:

- We billed you based on eligibility information you provided us
- The person did not pay the required premium contribution for the period
- The eligibility information included a person who was not eligible for coverage
- You request that we retroactively drop the person from coverage

Our credit of premium is limited to 2 months' credit for a person whose loss of eligibility occurred more than 30 days before the date you notified us. If we paid benefits on behalf of such a person, we may reduce the credit by the amount of benefit paid.

If you asked us to retroactively drop coverage, we will consider that as your statement that the person did not pay the required premium contribution for the period.

We will retroactively cover eligible persons who were not included in the eligibility information you provided us. We will cover them retroactively no more than 30 days before the date you both notify us and pay all applicable past premium.

Premium – waiver

Payment of premiums

We may waive up to 1 month's billed premium payments during any group agreement term.

The premium waiver will not apply for those employees who were added or removed from the plan after we billed you for that month's premium. For that month of coverage, additional premium will be due or credited.

Repayment of the waived premium

We may require you to pay back the premium waived if you terminate the group agreement within 12 months of your **effective date** or **renewal date**. We will give 10 days prior written notice to you of the requirement for the repayment of the waived premium.

Fees for special services and assessments

Special services

You may request that we provide special services beyond the routine administration of this group agreement. We will charge you a fee for each special service we provide.

The special services are:

- Us billing you for amounts due in a non-electronic medium
- Us accepting payment of amounts due from you other than by electronic fund transfer. If you pay us by check, the check does not constitute payment until it is honored by a bank
- Us handling your check returned to us due to insufficient funds. We may return the check to you without a second attempt to cash it
- Reinstatement of the group agreement according to the *Termination* section
- Any other special service you request and we agree to provide

Special services – fees

We may change any fee not already agreed to and included in your premium with 120 days advance notice to you.

Payment for third party technology provider

We will pay a third-party technology provider you choose to provide services related to the administration for this group agreement. The fee we pay them will be an agreed upon amount between

us and you. If we stop payment to the third party technology provider, we will give you 30-60 days advance notice.

Assessments

We may charge you a pro rata allocation of any assessments we receive for state high risk pools and other state programs.

Fees and assessments – when due

Fees and assessments are due on the **premium due date** upon invoice.

You have a payment grace period of 31 days immediately following the **premium due date**. The group agreement will remain in force during the grace period. If we have not received all fees and assessments due by the end of the grace period, this group agreement will automatically terminate at the end of the grace period.

Fees and assessments – how billed and paid

We may bill you electronically. You shall pay fees and assessments by electronic fund transfer, unless you choose to pay by check. Payment occurs when we receive good funds.

We may accept a partial payment but this does not waive our right to collect the entire amount due.

Fees and assessments – overdue amounts

You shall pay us interest on the total amount of fees and assessments that is overdue. Overdue fees and assessments include amounts due but not paid during the grace period. The interest rate will be up to 1 1/2% per month for each month or partial month an amount due remains unpaid.

We may also recover from you the costs of collecting any unpaid fees and assessments, including reasonable attorney fees and court costs.

Some of our other responsibilities

We will prepare the EOC and schedule of benefits that are part of the group agreement, as required by applicable federal and state laws. We will provide them to you in electronic form. We will also provide them to you in paper form if you request it.

We will provide the coverage stated in the EOC and schedule of benefits that are part of the group agreement. We will administer the coverage as required by the group agreement and applicable laws.

We will protect the personal health information of **covered persons** as required by laws. We will use it and share it with others as needed for their care and treatment. We will also use and share it to help us process **providers'** claims and otherwise help us administer the group agreement. For a copy of our Notice of Privacy Practices log on to <https://www.aetna.com/>.

Your duties and our rights in this Information – enrollment provision survive termination of the group agreement.

You will provide us with monthly reports of all workers' compensation coverage cases. The report will list:

- Each case

Automatic termination

The group agreement and all coverage end as of the last day of the grace period if you have not paid us all premiums and fees and assessments due as of the beginning of the grace period. The *Premium* section has a description of the grace period.

Termination by you

You may end coverage under this group agreement if you give us 30 days advance written notice. Your termination notice may apply to all classes or any class of your employees covered under the group agreement. You can send us a termination notice during a period for which you have paid premium, but your **termination date** must be after that period.

Termination by us

We may end the group agreement and all coverage it provides:

We may rescind the group agreement and all coverage it provides for fraud or intentional misrepresentation of material fact with 30 days advance written notice. The notice will state the **effective date** of rescission.

You can submit a grievance to us or California Department of Managed Health Care if you believe your coverage has been or will be improperly cancelled, rescinded, or not renewed. Your coverage will continue while your grievance is under review and you pay your premium if you submitted your

grievance before the effective date of the improperly cancelled, rescinded, or not renewed coverage for reasons other than nonpayment.

Effective time of termination

The group agreement and its coverage end at 11:59 p.m. on the day of termination.

Effect of termination

You, **covered persons**, and we continue to be responsible following termination for the duties we each incur prior to the termination of the group agreement. One of your duties includes payment of premium due for coverage through any grace period up to the day of termination. One of our duties includes payment of any overpaid premiums, less any amount due to us You, **covered persons**, and we also continue to be responsible for your, their, and our duties that the group agreement states are to occur following termination.

You, **covered persons**, and we have the rights and duties following termination of the group agreement, as stated specifically in the group agreement.

You shall notify **covered persons** of the termination of the group agreement. Your notice will comply with applicable federal and state laws. We have the right to notify employees of termination of the group agreement.

Reinstatement

You may request that we reinstate the group agreement and coverage after we end it. You must make the request within 30 days of the **termination date**. We will reinstate the group agreement as of the **termination date** upon payment of all amounts due and you giving us reasonable assurances that you can and will fulfill all of your obligations under the group agreement.

Intentional deception

- Loss of coverage, starting at some time in the past. This is called rescission.
- Loss of coverage going forward
- Denial or termination of benefits
- Recovery of amounts we already paid

We also may report fraud to law enforcement.

Rescission means you or a **covered person** loses coverage both going forward and going backward. If we paid claims for past coverage, we are entitled to receive the money back.

A **covered person** has special rights if we rescind coverage just for that individual:

- We will give the **covered person** 30 days advance written notice of any rescission of coverage
- The **covered person** has the right to an **Aetna** appeal
- The **covered person** has the right to a third-party review conducted by an independent external review organization

Responsibility for conduct

Employees and agents

We are responsible to you for what our employees and other agents do.

We are not responsible to you for what is done by others, such as **providers**. They are not our employees or agents. **Providers** in our **network** are what the federal and state laws call our independent contractors. That simply means we have a business relationship with them and they are not our employees or agents. We will notify you when a **provider** in our **network** ends or breaches their contract or has an inability to perform. You will tell your employees within 30 days of the notification

Indemnification – in general

We agree to indemnify and hold you harmless against that portion of your liability to third parties as determined by a court of final jurisdiction or by binding arbitration caused directly by our willful misconduct, criminal conduct or material breach of this group agreement.

- Willful misconduct
- Criminal conduct
- Fraud
- Breach of a fiduciary responsibility in the case of an action under ERISA, related to or arising out of this group agreement or your role as employer or Plan Sponsor, as defined by ERISA.

These indemnification obligations end with the group agreement, except as to any matter concerning a claim that has been made in writing within 365 days after termination.

Indemnification – federal law requirements

You shall indemnify us and hold us harmless for our liability that is directly caused by your:

- Negligence
- Breach of the group agreement
- Breach of federal or state laws that apply or
- Willful misconduct

and your act or failure to act was related to or arose out of your obligation to deliver the Summary of benefits and coverage and Notices of material modification.

Your and our rights and duties in this section survive termination of the group agreement.

General provisions

General provisions – content and interpretation of the group agreement

Applicable law

Applicable law means all federal and state laws that apply to the matters covered by the group agreement. Federal and state law means statutes, regulations, official agency direction and guidance, and judicial decisions and orders, as they may be passed or issued, or as they may be amended, from time to time.

Compliance with law

You and we shall interpret the group agreement if possible so it complies with applicable federal and state laws.

If the group agreement omits or misstates any right or duty under applicable federal and state laws, you and we shall implement the group agreement as though the right or duty is stated correctly.

If any provision of the group agreement is invalid or illegal, you and we shall implement the group agreement as though the provision is not in the group agreement.

We are subject to the requirements of Chapter 2.2 of Division 2 of the Code and of Chapter 1 of Title 28 of the California, and any provision of Regulations required to be in the group agreement by either of the above shall bind us whether or not provided in the group agreement.

Changes to the group agreement

The group agreement may be amended by mutual consent and in writing.

We may change or end some or all coverage under this group agreement by notice, if we act as required by applicable laws for uniform modification of coverage and uniform termination of coverage.

We have to give you 120 days advance written notice, and you have to consent in writing to changes in the group agreement. Our amendment:

- Will not reduce benefits or coverage
- Will not eliminate benefits or coverage
- Will not increase benefits or coverage with a concurrent increase in premium during the current group agreement term, other than increased benefits or coverage required by federal and state laws

Payment of the applicable premium on the **effective date** of any amendment is your consent to any amendment requiring your consent.

Changes to the group agreement do not require the consent of any employee or of any other person.

Entire group agreement

The group agreement replaces and supersedes:

- All other prior agreements of group coverage between us
- Any other prior written or oral understandings, negotiations, discussions or arrangements between us related to this group coverage

Waiver

Only an officer of **Aetna** may waive a requirement of the group agreement.

We may fail to implement or fail to insist upon compliance with a provision of the group agreement at any given time or times. Our failure to implement or to insist on compliance is not a waiver of our right to implement or insist upon compliance with that provision at any other time or times.

General provisions – administration of the group agreement

Aetna name, symbols, trademarks and service marks

We control the use of our name and of our symbols, trademarks and service marks presently existing or subsequently established. You shall not use any of them in advertising or promotional materials or in any other way without our prior written consent. You shall stop any and all use immediately upon our direction or upon termination of the group agreement.

Assignment and delegation

You shall not assign any right or delegate any duty under the group agreement unless we approve it in writing in advance.

We may delegate some of our functions under the group agreement to third parties. We may also change or end these delegations. We do not need to give you advance notice to enter into, change or end these arrangements, and we do not need your consent.

Claim determinations – ERISA claim fiduciary

We are a fiduciary for the purpose of section 503 of Title 1 of the Employee Retirement Income Security Act of 1974. We have complete authority to review all denied claims for benefits under this group agreement. In exercising this fiduciary responsibility, we have discretionary authority:

- To determine whether and to what extent **covered persons** are entitled to benefits
- To construe any disputed or doubtful terms under the group agreement.

Our review of claims for benefits may include the use of software and other tools to take into account factors such as:

- An individual's claim history
- A provider's billing patterns
- Complexity of the service or treatment
- Amount of time and degree of skill needed
- The manner of billing

Correcting our administrative errors

A clerical error in keeping records or a delay in making an entry will not alone determine whether there is coverage. We will determine the facts and decide if coverage is in force and its amount. We will make a fair adjustment in premium if correction of the error or delay changes coverage.

We may correct, withdraw, or replace the group agreement, any EOC, any schedule of benefits and any other document issued with an error or issued in error.

Correcting your honest mistakes

If you or any employee make an honest mistake of fact, we may make a fair change in premium. If the misstatement affects the existence or amount of coverage, we will use the true facts to determine whether coverage is or remains in effect and its amount.

Discrimination prohibited

You shall not encourage or discourage enrollment in the coverage provided by the group agreement based on health status or health risk.

You shall act so as not to discriminate unfairly between persons in like situations at the time of the action.

Financial Sanctions Exclusions

If coverage provided by this group agreement violates or will violate any economic or trade sanctions, the coverage is immediately considered invalid. For example, we cannot make payments for health care or other claims or services if it violates a financial sanction regulation. This includes sanctions related to a blocked person or a country under sanction by the United States, unless permitted under a valid written Office of Foreign Assets Control (OFAC) license. For more information, visit <http://www.treasury.gov/resource-center/sanctions/Pages/default.aspx>.

Incontestability

We will not use a statement you make to void this group agreement after it has been in force for 2 years from its effective date.

We will use only a statement in writing that you or a **covered person** makes, to do any of the following:

- To void coverage of the **covered person**
- To deny coverage of the **covered person**
- To deny a claim for benefits by the **covered person**

We will not use a statement by a **covered person** to deny a claim for benefit more than 2 years after the statement was made.

The group agreement requires or permits notice to each other. These notices shall be in writing.

Schedule of benefits

Issued with your EOC

Welcome

At Aetna, your health goals lead the way, so we're joining you to put them first. We believe that whatever you decide to do for your health, you can do it with the right support. And no matter where you are on this personal journey, it's our job to enable you to feel the joy of achieving your best health.

Welcome to Aetna.

Introduction

This is your evidence of coverage or "EOC." It describes your **covered services** – what they are and how to get them. The schedule of benefits tells you how we share expenses for **covered services** and explains any limits. Along with the group agreement, they describe your Aetna plan. Each may have riders or amendments attached to them. These change or add to the document. This EOC takes the place of any others sent to you before.

It's really important that you read the entire EOC and your schedule of benefits. If you need help or more information, see the *Contact us* section below.

This combined EOC and schedule of benefits constitutes only a summary of the health plan. The health plan group agreement must be consulted to determine the exact terms and conditions of coverage.

How we use words

When we use:

- "You" and "your", we mean you and any covered dependents (if your plan allows dependent coverage)
- "Us," "we," and "our", we mean Aetna

Coverage and exclusions

Providing covered services

Your plan provides **covered services**. These are:

- Described in this section.
- Not listed as an exclusion in this section or the *General plan exclusions* section.
- Not beyond any limits in the schedule of benefits.
- **Medically necessary**. See the *How your plan works – Medical necessity, referral and precertification requirements* section and the *Glossary* for more information.

This plan provides coverage for many kinds of **covered services**, such as a doctor's care and **hospital stays**, but some services aren't covered at all or are limited. For other services, the plan pays more of the expense. For example:

- **Physician** care generally is covered but a cost resulting from a canceled or missed appointment is never covered. This is an exclusion.
- Home health care is generally covered but it is a **covered service** only up to a set number of visits a year. This is a limitation.
- Your **provider** may recommend services that are considered **experimental** or **investigational** services. But an **experimental** or **investigational** service is not covered and is also an exclusion, unless it is recognized as part of an approved clinical trial when you have cancer or a **terminal illness**. See *Clinical trials* in the list of services below.
- Preventive services. Usually the plan pays more and you pay less. Preventive services are designed to help keep you healthy, supporting you in achieving your best health. To find out what these services are, see the *Preventive care* section in the list of services below. To find out how much you will pay for these services, see *Preventive care* in your schedule of benefits.

Some services require **precertification** from us. For more information see the *How your plan works – Medical necessity, referral and precertification requirements* section.

The **covered services** and exclusions below appear alphabetically to make it easier to find what you're looking for. You can find out about limitations for **covered services** in the schedule of benefits. If you have questions, contact us.

Key Terms

Here are some key terms we use in this section. These will help you better understand GCIT.

Gene

A gene is a unit of heredity which is transferred from a parent to child and is thought to determine some feature of the child.

Molecular

Molecular means relating to or consisting of molecules. A molecule is a group of atoms bonded together, making the smallest vital unit of a chemical compound that can take part in a chemical reaction.

Therapeutic

Therapeutic means a treatment, therapy, or drug meant to have a good effect on the body or mind; adding to a sense of well-being.

GCIT are defined as any services that are:

- Gene-based
- Cellular and innovative therapeutics

The services have a basis in genetic/molecular medicine and are not covered under the Institutes of Excellence™ (IOE) programs. We call these “GCIT services.”

GCIT **covered services** include:

- Cellular immunotherapies.
- Genetically modified viral therapy.
- Other types of cells and tissues from and for use by the same person (autologous) and cells and tissues from one person for use by another person (allogenic) for treatment of certain conditions.
- All human gene-based therapy that seeks to change the usual function of a gene or alter the biologic properties of living cells for therapeutic use. Examples include therapies using:
 - Luxturna® (Voretigene neparvovec)
 - Zolgensma® (Onasemnogene abeparvovec-xioi)
 - Spinraza® (Nusinersen)
- Products derived from gene editing technologies, including CRISPR-Cas9.
- Oligonucleotide-based therapies. Examples include:
 - Antisense. An example is Spinraza (Nusinersen).

- siRNA.
- mRNA.
- microRNA therapies.

Facilities/providers for gene-based, cellular and other innovative therapies

We designate facilities to provide GCIT services or procedures. GCIT **physicians, hospitals** and other **providers** are GCIT-designated facilities/**providers** for Aetna and CVS Health.

Important note:

You must get GCIT **covered services** from a GCIT-designated facility/**provider**. If there are no GCIT-designated facilities/**providers** assigned in your network, it's important that you contact us so we can help you determine if there are other facilities that may meet your needs. If you don't get your GCIT services at the facility/**provider** we designate, they will not be **covered services**.

Important note:

Many pre and post-transplant medical services, even routine ones, are related to and may affect the success of your transplant. If your transplant care is being coordinated by the National Medical Excellence® (NME) program, all medical services must be managed through NME so that you receive the highest level of benefits at the appropriate facility. This is true even if the **covered service** is not directly related to your transplant.

How your plan works

How your plan works while you are covered

Your HMO plan:

- Helps you get and pay for a lot of – but not all – health care services
- Generally pays only when you get care from **network providers**

Please read the following information so you will know from whom or what group of provider's health care may be obtained.

Providers

Our **provider** network is there to give you the care you need. The easiest way to find **network providers** and see important information about them is by logging in to the Aetna website. There you'll find our online **provider** directory. See the *Contact us* section for more information.

You choose a **PCP** to oversee your care. Your **PCP** will provide routine care and send you to other **providers** when you need specialized care. Your plan often will pay a bigger share for **covered services** you get through your **PCP**, so choose a **PCP** as soon as you can.

For more information about the network and the role of your **PCP**, see the *Who provides the care* section.

Service area

Your plan generally pays for **covered services** only within a specific geographic area, called a service area. There are some exceptions, such as for **emergency services**, urgent care, and transplants. See the *Who provides the care* section below.

Who provides the care

Network providers

We have contracted with **providers** in the service area to provide **covered services** to you. These **providers** make up the network for your plan.

To get network benefits, you must use **network providers**. There are some exceptions:

- **Emergency services** – see the description of **emergency services** in the *Coverage and exclusions* section.
- Urgent care – see the description of urgent care in the *Coverage and exclusions* section.
- **Network provider** not reasonably available – You can get services from an **out-of-network provider** if an appropriate **network provider** is not reasonably available. You must request approval from us before you get the care. Contact us for assistance.
- Transplants – see the description of transplant services in the *Coverage and exclusions* section.
- Services described in the *Surprise bill* section.

You may select a **network provider** from the online directory through the Aetna website.

You will not have to submit claims for services received from **network providers**. Your **network provider** will take care of that for you. And we will pay the **network provider** directly for what the plan owes.

Your PCP

You must get **covered services** through your **PCP's** office. They will provide you with primary care.

How you choose your PCP

You can choose a **PCP** from the list of **PCPs** in our directory.

Each covered family member is required to select a **PCP**. You may each choose a different **PCP**. You must select a **PCP** for your covered dependent if they are a minor or cannot choose a **PCP** on their own.

What your PCP will do for you

Your **PCP** will coordinate your medical care or may provide treatment. They may send you to other **network providers**.

Your **PCP** will give you a written or electronic **referral** to see other **network providers**.

Changing your PCP

You may change your **PCP** at any time by contacting us.

If you do not select a PCP

Because having a **PCP** is so important, we may choose one for you. You will get an ID card in the mail. We will tell you the name, address and telephone number of your **PCP**. If you wish, you can change the **PCP** by following the directions above for changing your **PCP**.

Until a **PCP** is selected, benefits will be limited to care provided by direct access **network providers**, **emergency services** and urgent care services.

How is my PCP paid?

Your **PCP** and other **providers** may be paid in any of the following ways, depending on their contract with us:

- A fixed price per service
- A fixed price per day
- A fee for each service set by a fee schedule
- A fixed monthly amount per member

Providers who contract with us have no requirement to comply with:

- Specified numbers
- Targeted averages
- Maximum duration for patient visits

We encourage you to ask your **PCP**, us, your **provider**, or the **provider's** medical group or independent practice association how they are paid, including if their contracts include any financial incentives.

Keeping a provider you go to now (continuity of care)

You may have to find a new **provider** when:

- You join the plan and the **provider** you have now is not in the network
- You are already an Aetna member and your **provider** stops being in our network

However, in some cases, you may be able to keep going to your current **provider** to complete a treatment or to have treatment that was already scheduled. This is called continuity of care.

Care will continue during a transitional period that will vary based on your condition.

If you have this condition	The length of transitional period is
Acute condition (appears suddenly requiring immediate care and does not last long)	As long as the condition lasts
Serious chronic condition (continues or worsens over time and requires ongoing treatment)	No more than 12 months.
Pregnancy	All three trimesters of pregnancy and the immediate post-partum period
Maternal mental health condition that can impact a woman during pregnancy, peri or postpartum, or that arises during pregnancy, in the peri or postpartum period, up to one year after delivery	Up to 12 months after diagnosis or after pregnancy ends, whichever occurs later
Terminal illness	As long as the person lives
Care of child under 3 years	Up to 12 months
An already scheduled surgery or other procedure	Within 180 days of you joining the Aetna plan or your provider leaving the network

If this situation applies to you, contact us for details. As long as the **provider** did not leave the network based on fraud, lack of quality standards, or our termination of the **provider**, you'll be able to receive transitional care from your **provider** for a period based on your condition. You will not be responsible for an amount that exceeds the cost share that would have applied had your **provider** remained in the network.

Medical necessity, referral and precertification requirements

Your plan pays for its share of the expense for **covered services** only if the general requirements are met. They are:

- The service is **medically necessary**
- You get your care from:
 - Your **PCP**
 - Another **network provider** after you get a **referral** from your **PCP**
- You or your **provider** precertifies the service when required

Medically necessary, medical necessity

The **medical necessity** requirements are in the *Glossary* section, where we define “**medically necessary, medical necessity**.” That is where we also explain what our medical directors or a **physician** they assign consider when determining if a service is **medically necessary**.

Important note:

We cover **medically necessary**, sex-specific **covered services** regardless of identified gender.

Referrals

You need a **referral** from your **PCP** for most **covered services**. If you do not have a **referral** when required, you will have to pay for services yourself. You do not need a **referral** for **covered services** in a **network walk-in clinic**.

Precertification

You need pre-approval from us for some **covered services**. Pre-approval is also called **precertification**. You may need **precertification** during the delivery of your care. We will review your request concurrently.

Your network **physician, PCP**, or the facility is responsible for obtaining any necessary **precertification** before you get the care. **Network providers** cannot bill you if they fail to ask us for **precertification**. But if your **physician** or **PCP** requests **precertification** and we deny it, and you still choose to get the care, you will have to pay for it yourself.

Timeframes for **precertification** are listed below. For **emergency services**, **precertification** is not required, but you should notify us as soon as possible. You can submit a grievance if we deny the **emergency service** as not **medically necessary**. Please see the *Grievance and appeal procedures* section.

Your **physician, PCP**, or the facility must call us within these timelines:

Type of care	Timeframe
Non-emergency admission	Call at least 14 days before the date you are scheduled to be admitted.
Emergency admission	Call within 48 hours or as soon as reasonably possible after you have been admitted.
Urgent admission	Call before you are scheduled to be admitted or as soon as reasonably possible after you have been admitted.
Outpatient non-emergency medical services	Call at least 14 days before the care is provided, or the treatment or procedure is scheduled.

An urgent admission is a **hospital** admission by a **physician** due to the onset of or change in an illness, the diagnosis of an illness, or injury.

For an inpatient **stay** in a facility, we will tell you, your **physician** and the facility about your precertified length of **stay**. If your **physician** recommends that you stay longer, the extra days will need to be precertified. You, your **physician**, or the facility will need to call us as soon as reasonably possible, but no

later than the final authorized day. We will tell you and your **physician** in writing of an approval or denial of the extra days.

Type of request	Timeframes we decide	Timeframes we provide notification
Urgent care	Within 72 hours as appropriate for the medical condition	Within 24 hours of the decision to your provider Within two business days of the decision in writing to you
Non-urgent care	Within five business days as appropriate for the medical condition	Within 24 hours of the decision to your provider Within two business days of the decision in writing to you
Requests for review after you receive care	Within 30 days	Within 30 days

We will tell you and your **physician** in writing of the **precertification** decision. An approval is valid for 180 days as long as you remain enrolled in the plan. If you or your **provider** request **precertification** and we don't approve coverage, we will tell you why and explain how you or your **provider** may request review of our decision. See the *Grievance and appeal procedures* section.

Types of services that require precertification

Precertification is required for inpatient **stays** and certain outpatient services and supplies.

Precertification is required for the following types of services and supplies:

Inpatient services and supplies	Outpatient services and supplies
Gene-based, cellular and other innovative therapies (GCIT)	Applied behavioral analysis
Obesity (bariatric) surgery	ART services
Stays in a hospice facility	Complex imaging
Stays in a hospital	Comprehensive infertility services
Stays in a rehabilitation facility	Cosmetic and reconstructive surgery
Stays in a residential treatment facility for treatment of mental health disorders and substance use disorders treatment	Gene-based, cellular and other innovative therapies (GCIT)
	Injectables, (immunoglobulins, growth hormones, multiple sclerosis medications, osteoporosis medications, Botox, hepatitis C medications)
	In vitro fertilization (IVF) for fertility preservation
	Kidney dialysis
	Knee surgery
	Outpatient back surgery not performed in a

	physician's office
	Partial hospitalization treatment – mental health disorder and substance use disorders treatment
	Sleep studies
	Transcranial magnetic stimulation (TMS)
	Wrist surgery

Contact us to get a list of the services that require **precertification**. The list may change from time to time.

Sometimes you or your **provider** may want us to review a service that doesn't require **precertification** before you get care. This is called a predetermination, and it is different from **precertification**. Predetermination means that you or your **provider** requests the pre-service clinical review of a service that does not require **precertification**.

Our clinical policy bulletins explain our policy for specific services and supplies. We use these bulletins and other resources to help guide individualized coverage decisions under our plans. You can find the bulletins and other information at <https://www.aetna.com/health-care-professionals/clinical-policy-bulletins.html>

Certain **prescription** drugs are covered under the medical plan when they are given to you by your doctor or health care facility. The following **precertification** information applies to these **prescription** drugs:

- For certain drugs, your **provider** needs to get approval from us before we will cover the drug. The requirement for getting approval in advance guides appropriate use of certain drugs and makes sure they are **medically necessary**. We will tell your **provider** the decision within 72 hours or within 24 hours when you have an **emergency medical condition**.

Step therapy is a type of **precertification** where you must try one or more prerequisite drugs before a step therapy drug is covered. A 'prerequisite' is something that is required before something else. Prerequisite drugs are FDA-approved, may cost less and treat the same condition. If you don't try the prerequisite drugs first, the step therapy drug may not be covered.

Contact us or go online to get the most up-to-date **precertification** requirements and list of **step therapy** drugs.

Requesting a medical exception

Sometimes you or your **provider** may ask for a medical exception for drugs that are not covered or for which coverage was denied. You, someone who represents you or your **provider** can contact us. You will need to provide us with clinical documentation. Any exception granted is based upon an individual and is a case-by-case decision that will not apply to other members. For directions on how you can submit a request for a review:

- Call the toll-free number on your ID card
- Log in to the Aetna website at <https://www.aetna.com/>

- Submit the request in writing to CVS Health ATTN: Aetna PA, 1300 E Campbell Road, Richardson, TX 75081

You, someone who represents you or your **provider** may seek a quicker medical exception when the situation is urgent. It's an urgent situation when you have a health condition that may seriously affect your life, health, or ability to get back maximum function. It can also be when you are going through a current course of treatment using a non-covered drug.

We will make a coverage decision within 24 hours after we receive your request. We will tell you, someone who represents you and your **provider** of our decision.

If you had approval for a prescription drug under a prior plan, your prescriber can continue to prescribe the same prescription drug for your medical condition under this plan.

What the plan pays and what you pay

Who pays for your **covered services** – this plan, both of us, or just you? That depends.

The general rule

The schedule of benefits lists what you pay for each type of **covered service**. In general, this is how your benefit works:

- You pay the **deductible**, when it applies.
- Then the plan and you share the expense. Your share is called a **copayment** or **coinsurance**.
- Then the plan pays the entire expense after you reach your **maximum out-of-pocket limit**.

When we say “expense” in this general rule, we mean the **negotiated charge** for a **network provider**.

Negotiated charge

For health coverage:

This is the amount a **network provider** has agreed to accept or that we have agreed to pay them or a third-party vendor (including any administrative fee in the amount paid).

Some **providers** are part of Aetna's network for some Aetna plans but are not considered **network providers** for your plan. For those **providers**, the **negotiated charge** is the amount that **provider** has agreed to accept for rendering services or providing **prescription** drugs to members of your plan.

We may enter into arrangements with **network providers** or others related to:

- The coordination of care for members
- Improving clinical outcomes and efficiencies

Some of these arrangements are called:

- Value-based contracting
- Risk sharing
- Accountable care arrangements

These arrangements will not change the **negotiated charge** under this plan.

*For **prescription** drug services:*

When you get a **prescription** drug, we have agreed to this amount for the **prescription** or paid this amount to the network pharmacy or third-party vendor that provided it. The **negotiated charge** may include a rebate, additional service or risk charges and administrative fees. It may include additional amounts paid to or received from third parties under price guarantees.

Surprise bill

There may be times when you unknowingly receive services or don't consent to receive services from an **out-of-network provider**, even when you try to stay in the network for your **covered services**. You may get a bill at the out-of-network rate that you didn't expect. This is called a surprise bill.

An **out-of-network provider** can't balance bill or attempt to collect costs from you that exceed your in-network cost-sharing requirement, such as **deductibles**, **copayments** and **coinsurance** for the following services:

- **Emergency services** provided by an **out-of-network provider**
- Non-emergency surgical or ancillary services provided by an **out-of-network provider** at an in-network facility, except when the **out-of-network provider** has given you the following:
 - The out-of-network notice for your signature
 - The estimated charges for the items and services
 - Notice that the **provider** is an **out-of-network provider**
- Out-of-network air ambulance services

The **out-of-network provider** must get your consent to be treated and balance billed by them.

Surgical or ancillary services mean any professional services including:

- Anesthesiology
- Hospitalist services
- Laboratory services
- Pathology
- Radiology
- **Surgery**

A facility in this instance means an institution providing health care related services or a health care setting. This includes:

- **Hospitals** and other licensed inpatient centers
- Ambulatory surgical or treatment centers
- **Skilled nursing facilities**
- **Residential treatment facilities**
- Diagnostic, laboratory and imaging centers
- Rehabilitation facilities
- Other therapeutic settings

A surprise bill claim is paid based on the greater of the average contracted rate or 125 percent of the Medicare reimbursement rate for all plans offered by us in the same insurance market for the same or similar item or service that is all of the following:

- Provided by a **provider** in the same or similar specialty or facility of the same or similar facility type
- Provided in the geographic region in which the item or service is furnished

Any cost share paid with respect to the items and services will apply toward your in-network **deductible** and **maximum out-of-pocket limit** if you have one.

It is not a surprise bill when you knowingly choose to go out-of-network and have signed a consent notice for these services. In this case, you are responsible for all charges.

If you receive a surprise bill or have any questions about what a surprise bill is, contact us.

Paying for covered services – the general requirements

There are several general requirements for the plan to pay any part of the expense for a **covered service**. They are:

- The service is **medically necessary**
- You get your care from a **network provider**
- You get your care from:
 - Your **PCP**
 - Another **network provider** after you get a **referral** from your **PCP**
- You or your **provider** precertifies the service when required

Generally, your plan and you share the cost for **covered services** when you meet the general requirements. But sometimes your plan will pay the entire expense, and sometimes you will. For details, see your schedule of benefits and the information below.

You pay the entire expense when:

- You get services or supplies that are not **medically necessary**.
- Your plan requires **precertification**, your **physician** requests it, we deny it and you get the services without **precertification**.
- You get care without a **referral** and your plan requires one.
- You get care from someone who is not a **network provider**, except for emergency, urgent care and transplant services. See *Who provides the care* in this section for details

In all these cases, the **provider** may require you to pay the entire charge or you may receive a bill. You or your **provider** may file a post-services claim. Any amount you pay will not count towards your **deductible** or your **maximum out-of-pocket limit**.

If we fail to pay the **network provider**, you will not have to pay the **network provider** for any sums that we owe.

Where your schedule of benefits fits in

The schedule of benefits shows any out-of-pocket costs you are responsible for when you receive **covered services** and any benefit limitations that apply to your plan. It also shows any **maximum out-of-pocket limits** that apply.

Limitations include things like maximum age, visits, days, hours and admissions. Out-of-pocket costs include things like **deductibles**, **copayments** and **coinsurance**.

Keep in mind that you are responsible for paying your part of the cost sharing. You are also responsible for costs not covered under this plan.

Post-service claims

A claim is a request for payment that you or your health care **provider** submits to us after you get **covered services**. There are different types of claims. You or your **provider** may contact us at various times, to make a claim, to request approval, or payment, for your benefits. This can be before you receive your benefit, while you are receiving benefits and after you have received the benefit.

It is important that you carefully read the previous sections within *How your plan works*. When a claim comes in, we review it, make a decision and tell you how you and we will split the expense. The amount of time we have to tell you about our decision on a claim depends on the type of claim.

Filing a claim

When you see a **network provider**, that office will usually send us a detailed bill for your services. If you see an **out-of-network provider**, you may receive the bill (proof of loss) directly. This bill forms the basis of your post-service claim. If you receive the bill directly or pay for services, you or your **provider** must send us the bill within 12 months of the date you received services, unless you are legally unable to notify us. You must send it to us with a claim form that you can either get online or contact us to provide. You should always keep your own record of the date, **providers** and cost of your services.

Claim decisions and notifications

The benefit payment determination is made based on many things, such as your **deductible** or **coinsurance**, the necessity of the service you received, when or where you receive the services, or even what other insurance you may have. We may need to ask you or your **provider** for some more information to make a final decision. You can always contact us directly to see how much you can expect to pay for any service.

We will pay the claim within 30 days from when we receive all the information necessary. Sometimes we may pay only some of the claim. Sometimes we may deny payment entirely.

We will give you our decision in writing. You may not agree with our decision. There are several ways to have us review the decisions. Please see the *Grievance and appeal procedures* section for that information.

Appeal

When we make a decision to deny services or reduce the amount of money we pay on your care or out-of-pocket expense, it is an adverse benefit determination. You can ask us to re-review that determination. This is an appeal. You can start an appeal process by contacting us. Please see the *Grievance and appeal procedures* section for that information.

Coordination of benefits

Some people have health coverage under more than one health plan. If you do, we will work with your other plan to decide how much each plan pays. This is called coordination of benefits (COB).

Key Terms

Here are some key terms we use in this section. These will help you understand this COB section.

Allowable expense means a health care expense that any of your health plans cover.

In this section when we talk about “plan” through which you may have other coverage for health care expenses we mean:

- Group or non-group, blanket, or franchise health insurance policies issued by insurers, HMOs, or health care service contractors
- Labor-management trustee plans, labor organization plans, employer organization plans, or employee benefit organization plans
- An automobile insurance policy
- Medicare or other government benefits
- Any contract that you can obtain or maintain only because of membership in or connection with a particular organization or group

How COB works

- When this is your primary plan, we pay your medical claims first as if there is no other coverage.
- When this is your secondary plan:
 - We pay benefits after the primary plan and reduce our payment based on any amount the primary plan paid.
 - Total payments from this plan and your other coverage will never add up to more than 100% of the allowable expenses.
 - Each family member has a separate benefit reserve for each year. The benefit reserve balance is:
 - The amount that the secondary plan saved due to COB
 - Used to cover any unpaid allowable expenses
 - Erased at the end of the year

Determining who pays

The basic rules are listed below. Reading from top to bottom the first rule that applies will determine which plan is primary and which is secondary. Contact us if you have questions or want more information.

A plan that does not contain a COB provision is always the primary plan.

COB rule	Primary plan	Secondary plan
Non-dependent or dependent	Plan covering you as an employee, retired employee or subscriber (not as a dependent)	Plan covering you as a dependent
Child – parents married or living together	Plan of parent whose birthday (month and day) is earlier in the year (Birthday rule)	Plan of parent whose birthday is later in the year

COB rule	Primary plan	Secondary plan
Child – parents separated, divorced, or not living together	• Plan of parent responsible for health coverage in court order • Birthday rule applies if both parents are responsible or have joint custody in court order • Custodial parent's plan if there is no court order	• Plan of other parent • Birthday rule applies (later in the year) • Non-custodial parent's plan
Child – covered by individuals who are not parents (i.e. stepparent or grandparent)	Same rule as parent	Same rule as parent
Active or inactive employee	Plan covering you as an active employee (or dependent of an active employee)	Plan covering you as a laid off or retired employee (or dependent of a former employee)
Consolidated Omnibus Budget Reconciliation Act (COBRA) or state continuation	Plan covering you as an employee or retiree (or dependent of an employee or retiree)	COBRA or state continuation coverage
Longer or shorter length of coverage	Plan that has covered you longer	Plan that has covered you for a shorter period of time
Other rules do not apply	Plans share expenses equally	Plans share expenses equally

How COB works with Medicare

If your other coverage is under Medicare, federal laws explain whether Medicare will pay first or second. COB with Medicare will always follow federal requirements. Contact us if you have any questions about this.

When you are enrolled in Medicare, we coordinate the benefits we pay with the benefits that Medicare pays. Sometimes, this plan pays benefits before Medicare pays. Sometimes, this plan pays benefits after Medicare.

Other health coverage updates – contact information

You should contact us if you have any changes to your other coverage. We want to be sure our records are accurate so your claims are processed correctly.

Our rights

We have the right to:

- Release or obtain any information we need for COB purposes, including information we need to recover any payments from your other health plans
- Reimburse another health plan that paid a benefit we should have paid
- Recover any excess payment from a person or another health plan, if we paid more than we should have paid

Grievance and appeal procedures

Grievance

You may not be happy about a **provider**, your quality of care, or an operational issue, and you may want to complain. You can contact us at any time. Grievances are:

- Appeals
- Complaints
- Disputes
- Inquiries (considered grievances when a distinction is not determined between them)
- Requests for reconsideration

Your grievance should include a description of the issue. You should include copies of any records or documents you think are important. We will review the information and give you a written response within 30 calendar days of receiving the complaint. We will let you know if we need more information to make a decision. You can submit your grievance by:

- Calling the toll-free number on your ID card
- Logging on to the Aetna website at <https://www.aetna.com/>
- Writing us at PO Box 24030, Fresno, CA 93779

Some reasons you may file a grievance include:

- Your **PCP** refused to provide a **referral** to a **specialist** or facility
- We were not courteous or prompt when providing services to you
- You are dissatisfied with having to wait so long for an appointment
- We ended your coverage and you think that decision is unfair

The California Department of Managed Health Care is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan by calling the toll-free number on your ID card and use your health plan's grievance process before contacting the department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the department for assistance. You may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature and payment disputes for emergency or urgent medical services. The department also has a toll-free telephone number (1-888-466-2219) and a TDD line (1-877-688-9891) for the hearing and speech impaired. The department's internet website www.dmhca.ca.gov has complaint forms, IMR application forms and instructions online.

Grievance and appeal procedures

You or your **provider** may contact us at various times to make a grievance. This can be before you receive your benefit, while you are receiving benefits and after you have received the benefit. You may not agree with our decision. You can request an IMR from the DMHC. See the *Independent medical review* section below.

Urgent grievance

You may appeal or your **provider** may appeal for you without having to fill out an appeal form.

Post-service claim appeal

You must file an appeal within 180 calendar days from the time you receive the notice of an adverse benefit determination.

You can appeal by sending a written appeal to the address on the notice of adverse benefit determination, or by contacting us. You need to include:

- Your name
- The contract holder's name
- A copy of the adverse benefit determination
- Your reasons for making the appeal
- Any other information you would like us to consider

We will assign your appeal to someone who was not involved in making the original decision. You will receive an acknowledgment letter within five calendar days. You will receive a decision within 30 calendar days for a post-service grievance. You will receive a decision within five business days for a post-service grievance for a service or supply that is **experimental or investigational**.

Another person may submit an appeal for you, including a **provider**. That person is called an authorized representative. You need to tell us if you choose to have someone else appeal for you (even if it is your **provider**). You should fill out an authorized representative form telling us you are allowing someone to appeal for you. You can get this form on our website or by contacting us. The form will tell you where to send it to us.

Independent medical review

An IMR is a review done by an Independent Medical Review Organization (IMRO) managed by the DMHC.

You have a right to an IMR when within six months of the grievance decision if:

- You have received an adverse benefit determination
- We decided the service or supply is not **medically necessary** but your **provider** recommends or determines your service is **medically necessary**
- We decided the service or supply is **experimental or investigational** and your **provider** certifies you have a life-threatening or seriously debilitating illness and has recommended treatment for it
- You have been seen by a network **provider** for the diagnosis or treatment of a medical condition
- A grievance has remained unsolved for more than 30 days or three days for an **urgent condition** or an **emergency medical condition** or a grievance was filed and the decision was upheld

If our grievance decision is one for which you can seek an IMR, we will say that in the notice of adverse benefit determination or final adverse benefit determination we send you. That notice also will describe the IMR process and will include a copy of the IMR application. You will not be charged for an IMR.

You should send the completed application to the DMHC. They will review your grievance and determine if it is eligible for an IMR. We will submit the required documents to the DMHC within three days, or 24 hours for urgent requests, after we receive notice the IMR is approved. The DMHC sends your grievance to the IMRO. The IMRO will determine whether or not the care is **medically necessary**. You will receive a copy of the IMR decision.

How long will it take to get an IMR decision?

The IMR will make their decision in 30 days, or three days for an urgent request

There are two scenarios when you may be able to get a faster IMR:

For initial adverse benefit determinations

- You or your **provider** tells us a delay in receiving health care services would:
 - Jeopardize your life, health or ability to regain maximum function
 - Be much less effective if not started right away (in the case of **experimental or investigational** treatment)

If your situation qualifies for this faster review, you will receive a decision within 72 hours of us getting your request.

Recordkeeping

We will keep the records of all grievances and appeals for at least 10 years.

Fees and expenses

We do not pay any fees or expenses incurred by you in pursuing a grievance or appeal.

Eligibility, starting and stopping coverage

Eligibility

Who is eligible

The contract holder decides and tells us who is eligible for health coverage. The contract holder is responsible for paying premiums and will tell you the amount and how to pay it.

When you can join the plan

You must live or work in the service area to enroll in this plan.

You can enroll:

- At the end of any waiting period the contract holder requires
- Once each year during the annual enrollment period
- At other special times during the year (see the *Special times you can join the plan* section below)

You can enroll eligible family members (these are your “dependents”) at this time too.

If you don’t enroll when you first qualify for benefits, you may have to wait until the next annual enrollment period to join.

Who can be a dependent on this plan

You can enroll the following family members:

- Your legal spouse
- Your civil union partner who meets any requirements under state law
- Your domestic partner who meets any requirements under state law
- Dependent children – yours or your spouse’s or partner’s
 - Dependent children must be:
 - Under 26 years of age
 - Dependent children include:
 - Natural children
 - Stepchildren
 - Adopted children including those placed with you for adoption
 - Foster children
 - Children you are responsible for under a qualified medical support order or court order

Adding new dependents

You can add new dependents during the year. These include any dependents described in the *Who can be a dependent on this plan* section above.

Coverage begins on the date of the event for new dependents that join your plan for the following reasons:

- Birth
- Adoption or placement for adoption
- Marriage
- Legal guardianship
- Court or administrative order

We must receive a completed enrollment form not more than 31 days after the event date.

Special times you can join the plan

You can enroll in these situations:

- You didn't enroll before because you had other coverage and that coverage has ended
- Your COBRA coverage has ended
- A court orders that you cover a dependent on your health plan

We must receive the completed enrollment information within 31 days after the event date.

You can also enroll in these situations:

- You or your dependent lose your eligibility for enrollment in Medicaid or an S-CHIP plan
- You are now eligible for state premium assistance under Medicaid or S-CHIP which will pay your premium contribution under this plan

We must receive the completed enrollment information within 60 days of the date when coverage ends.

Notification of change in status

Tell us of any changes that may affect your benefits. Please contact us as soon as possible when you have a:

- Change of address
- Dependent status change
- Dependent who enrolls in Medicare or any other health plan

Starting coverage

Your coverage under this plan has a start and an end. You must start coverage after you complete the eligibility and enrollment process. You can ask your contract holder to confirm your effective date.

Stopping coverage

Your coverage typically ends when you leave your job; but it can happen for other reasons. Ending coverage doesn't always mean you lose coverage with us. There will be circumstances that will still allow you to continue coverage. See the *Special coverage options after your coverage ends* section.

We will send you notice if your coverage is ending. This notice will tell you the date that your coverage ends at least 30 days prior to that date.

Your coverage under this plan will end if:

- This plan is no longer available

- You ask to end coverage
- The contract holder asks to end coverage
- You are no longer eligible for coverage, including when you move out of the service area
- Your work ends
- You stop making required contributions, if any apply
- We end your coverage
- You start coverage under another medical plan offered by your employer

When dependent coverage ends

Dependent coverage will end if:

- A dependent is no longer eligible for coverage
- You stop making premium contributions, if any apply
- Your coverage ends for any of the reasons listed above except:
 - Exhaustion of your overall maximum benefit.
 - You enroll under a group Medicare plan we offer. However, dependent coverage will end if your coverage ends under the Medicare plan.
- The date the domestic partnership or civil union ends
 - You will need to complete a Declaration of Termination of Domestic Partnership

What happens to your dependents if you die?

Coverage for dependents may continue for some time after your death. See the *Special coverage options after your coverage ends* section for more information.

Why would we end your coverage?

Intentional deception

If we learn that you defrauded us or you intentionally misrepresented material facts, we can take actions that can have serious consequences for your coverage within 24 months of your effective date. These serious consequences include:

- Rescission of coverage (you lose coverage both going forward and going backward)
- Ending your coverage
- Recovery of amounts we already paid

We also may report fraud to criminal authorities. If we paid claims for your past coverage, we will want the money back.

You have special rights if we rescind or end your coverage:

- We will give you 30 days advance written notice of any rescission of coverage or ending your coverage
- You have the right to an Aetna appeal
- You have the right to a third-party review conducted by the Department of Managed Health Care

On the date your coverage ends, we will refund to your employer any prepayment for periods after the date your coverage ended.

We will not end your coverage because of your health status or health care needs. We also will not end your coverage because you filed an appeal. You can submit a grievance to us or California Department of Managed Health Care within 180 days from the date of the notice you receive if you believe your coverage has been or will be improperly cancelled, rescinded, or not renewed. Your coverage will continue while your grievance is under review and you pay your premium if you submitted your grievance before the effective date of the improperly cancelled, rescinded, or not renewed coverage for reasons other than nonpayment.

You also have a grace period of 30 consecutive days beginning the date of the notice you receive is dated. We will give you an answer within 72 hours.

Special coverage options after your coverage ends

When coverage may continue under the plan

This section explains options you may have after your coverage ends under this plan. Your individual situation will determine what options you will have. Contact the contract holder to see what options apply to you.

In some cases, premium payment is required for coverage to continue. Your coverage will continue under the plan as long as the contract holder and we have agreed to do so. It is the contract holder's responsibility to let us know when your work ends. If the contract holder and we agree in writing, we will extend the limits.

Consolidated Omnibus Budget Reconciliation Act (COBRA)

The federal COBRA law usually applies to employers of group sizes of 20 or more and gives employees and most of their covered dependents the right to keep their health coverage for 18, 29 or 36 months after a qualifying event. The qualifying event is something that happens that results in you losing your coverage. The qualifying events are:

- Your active employment ends for reasons other than gross misconduct
- Your working hours are reduced
- You divorce or legally separate and are no longer responsible for dependent coverage
- You become entitled to benefits under Medicare
- Your covered dependent children no longer qualify as dependents under the plan
- You die
- You are a retiree eligible for retiree health coverage and your former employer files for bankruptcy

Talk with your employer if you have questions about COBRA or to enroll.

How you can extend coverage if you are totally disabled when coverage ends

Your coverage may be extended if you are totally disabled when coverage ends.

Only the medical condition which caused the total disability is covered during your extension.

You are "totally disabled" if you cannot work at your occupation or any other occupation for pay or profit.

Your dependent is “totally disabled” if that person cannot engage in most normal activities of a healthy person of the same age and gender.

You may extend coverage only for services and supplies related to the disabling condition until the earliest of:

- When you or your dependents are no longer totally disabled
- When you become covered by another health benefits plan
- 12 months of coverage

How you can extend coverage for your disabled child beyond the plan age limits

You have the right to extend coverage for your dependent child beyond plan age limits, if the child is not able to be self-supporting because of mental or physical disability, and depends mainly (more than 50% of their income) on you for support.

The right to coverage will continue only as long as a **physician** certifies that your child still is disabled.

We will send you a notice at least 90 days before your child reaches the plan age limit. We may ask you to send us proof of the disability within 60 days of the date coverage would have ended or receipt of the notice. We may ask you to send proof that your child is disabled after coverage is extended. We won't ask for this proof more than once a year after two years. You must send it to us within 60 days of our request. If you don't, we can terminate coverage for your dependent child.

How you can extend coverage when getting inpatient care when coverage ends

Your coverage may be extended if you are getting inpatient care in a **hospital** or **skilled nursing facility** when coverage ends.

Benefits are extended for the condition that caused the **hospital** or **skilled nursing facility stay** or for complications from the condition. Benefits aren't extended for other medical conditions.

You can continue to get care for this condition until the earliest of:

- When you are discharged
- When you no longer need inpatient care
- When you become covered by another health benefits plan
- 36 months of coverage

How your dependent can extend coverage after you die

Your dependents can continue coverage after your death if:

- You were covered at the time of your death
- The request is made within 30 days after your death, and
- Payment is made for coverage

Your dependent's coverage will end on the earliest date:

- The end of the 12 month period after your death
- They no longer meet the definition of dependent
- Dependent coverage stops under your plan
- The dependent becomes covered by another health benefits plan

- The date your spouse remarries

To request extension of coverage, the dependent, or their representative, can contact us.

General provisions – other things you should know

Administrative provisions

How you and we will interpret this EOC

We prepared this EOC according to ERISA and other federal and state laws that apply. You and we will interpret it according to these laws.

How we administer this plan

We apply policies and procedures to administer this plan.

Who's responsible to you

We are responsible to you for what our employees and other agents do.

We are not responsible for what is done by your **providers**. Even **network providers** are not our employees or agents.

Coverage and services

Your coverage can change

Your coverage is defined by the group agreement. This document may have amendments and riders too. Under certain circumstances, we, the contract holder or the law may change your plan. When an emergency or epidemic is declared, we may modify or waive **precertification**, **prescription** quantity limits or your cost share if you are affected. Only we may waive a requirement of your plan. No other person, including the contract holder or **provider**, can do this.

Legal action

You must complete the internal appeal process before you take any legal action against us for any expense or bill. See the *Grievance and appeal procedures section*.

Physical examination and evaluations

At our expense, we have the right to have a **physician** of our choice examine you. This will be done at reasonable times while certification or a claim for benefits is pending or under review.

Records of expenses

You should keep complete records of your expenses. They may be needed for a claim. Important things to keep are:

- Names of **physicians** and others who furnish services
- Dates expenses are incurred
- Copies of all bills and receipts

Honest mistakes

You or the contract holder may make an honest mistake when you share facts with us. When we learn of the mistake, we may make a fair change in premium contribution or in your coverage. If we do, we will tell you what the mistake was. We won't make a change if the mistake happened more than 2 years before we learned of it.

Some other money issues

Assignment of benefits

When you see a **network provider**, they will usually bill us directly. When you see an **out-of-network provider**, we may choose to pay you or to pay the **provider** directly. When you assign your benefits to your **out-of-network provider**, we will pay them directly.

Financial sanctions exclusions

If coverage provided under this EOC violates or will violate any economic or trade sanctions, the coverage will be invalid immediately. For example, we cannot pay for **covered services** if it violates a financial sanction regulation. This includes sanctions related to a person or a country under sanction by the United States, unless it is allowed under a written license from the Office of Foreign Asset Control (OFAC).

You can find out more by visiting <https://www.treasury.gov/resource-center/sanctions/Pages/default.aspx>.

Recovery of overpayments

We sometimes pay too much for **covered services** or pay for something that this plan doesn't cover. If we do, we can require the person we paid, you or your **provider**, to return what we paid. If we don't do that, we have the right to reduce any future benefit payments by the amount we paid by mistake.

When you are injured

If someone else caused you to need care – say, a careless driver who injured you in a car crash – you may have a right to get money. We are entitled to that money, up to the amount we pay for your care. We have that right no matter whom the money comes from – for example, the other driver, the contract holder, or another insurance company.

To help us get paid back, you are doing these things now:

- Agreeing to repay us from money you receive (not exceeding one third if you used an attorney or one half if you did not use an attorney) because of your injury.
- Giving us the right to seek money in your name, from any person who causes you injury and from your own insurance. We can seek money only up to the amount we paid for your care.
- Agreeing to cooperate with us so we can get paid back in full. For example, you'll tell us within 30 days of when you seek money for your injury or illness. You'll hold any money you receive until we are paid in full. And you'll give us the right to money you get, ahead of everyone else.
- Agreeing to provide us notice of any money you will be receiving before pay out, or within 5 days of when you receive the money.

We may reduce the amount we're due if you are partially responsible for your injury.

Your health information

We will protect your health information. We will only use or share it with others as needed for your care and treatment. We will also use and share it to help us process your claims and manage your plan.

You can get a free copy of our Notice of Privacy Practices. Just contact us.

When you accept coverage under this plan, you agree to let your **providers** share information with us. We need information about your physical and mental condition and care.

A statement describing our policies and procedures for preserving the confidentiality of medical records is available and will be provided to you upon request.

Section 1557 prohibits discrimination because of race, color, national origin, sex, age or disability in health-related insurance or other health-related coverage. This applies to Aetna. Changes to health insurance plans are effective on the first day of the policy or plan year beginning on or after January 1, 2017.

Some language changes may not be in the enclosed certificate of coverage or policy. This may be because the language is still under official review for approval. See the *Important note* below for how this affects your policy or plan.

Important note:

We will comply with the requirements of the Rule for all new and renewing policies or plans with an effective date on or after January 1, 2017.

Below is a summary of some of the recent Non-discrimination Rule changes.

An insurer covered by the Rule that provides or administers health-related insurance or other health-related coverage:

- Shall not:
 - Cancel, limit or refuse to issue or renew a policy or plan
 - Deny or limit coverage of a claim
 - Apply additional cost sharing

to a person because of race, color, national origin, sex, age, or disability.

- Shall not:

to a transgender person, if it results in discrimination against that person.

- Shall not exclude or limit health services related to gender transition.

Aetna is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies, including Aetna Life Insurance Company, Coventry Health Care plans and their affiliates. Aetna companies that receive funds from the federal Department of Health and Human Services are subject to the Rule.

Your Health Insurance Choices Are Different. You May Qualify for Free or Low-Cost Health Insurance.

Because of changes in federal law, you have different health insurance choices that may save you money.

Covered California

You can buy health insurance through Covered California. The State of California set up Covered California to help people and families, like you, find affordable health insurance. You can use Covered California if you do not have insurance through your employer, or Medicare. You can also apply for Medi-Cal through Covered California.

If you are eligible for the Medicare Program you should examine your options carefully, as delaying Medicare enrollment may result in substantial financial implications.

You must apply during an open or special enrollment period, except a Medi-Cal application can be made at any time. Open enrollment begins on October 15 of every year and ends on January 31 of the following year. If you have a life change such as marriage, divorce, a new child or loss of a job, you can apply at the time the life change occurs (“special enrollment period”).

Through Covered California, you may also get help paying for your health insurance. You can:

- Reduce your out of pocket costs: Out-of-pocket costs are how much you pay for things like going to the doctor or hospital or getting prescription drugs.

To qualify for help paying for insurance, you must:

- Meet certain household income limits; and
- Be a U.S. citizen, U.S. national or be lawfully present in the U.S.
- In addition, other rules and requirements apply.

You can also buy coverage directly from health insurers, health plans or insurance agents during Open Enrollment and Special Enrollment periods, but the financial help is available only if you select a Covered California product.

Medi-Cal

Free or low-cost health insurance is available through Medi-Cal. Medi-Cal is California’s health care program for people with low incomes. You can get Medi-Cal if:

- Your income is low; and
- You are a U. S. citizen, U.S. national or lawfully present in the U.S age 26 and older;
- Your income is low; and
- You are an adult age 19 through 25 who does not have satisfactory immigration status or is unable to establish satisfactory immigration status or to verify United States citizenship.

Your eligibility is based on your income. It is not based on how much money you have saved or if you own your own home. You do not have to be on public assistance to qualify for Medi-Cal. You can apply for Medi-Cal anytime.

You can also get Medi-Cal if you are:

- Age 21 or younger
- Age 65 or older
- Blind
- Disabled
- Pregnant
- In a skilled nursing or intermediate care home
- On refugee status for a limited time, depending how long you have been in the United States

How to access your benefit

Read this section carefully. This plan doesn't cover all **prescription** drugs and some coverage may be limited. This doesn't mean you can't get **prescription** drugs that aren't covered; you can, but you have to pay for them yourself. For more information, see the schedule of benefits.

Important note:

A pharmacist may refuse to fill a **prescription** order or refill when, in their professional judgement, the **prescription** should not be filled.

Your plan provides standard safety checks to encourage safe and appropriate use of medications. These checks are intended to avoid adverse events and align with the medication's FDA-approved prescribing information and current published clinical guidelines and treatment standards. These checks are routinely updated as new medications come to market and as guidelines and standards are updated.

Covered services are based on the drugs in the **drug guide**. We exclude **prescription** drugs listed on the formulary exclusions list unless we approve a medical exception. The formulary exclusions list is a list of **prescription** drugs not covered under the plan. This list is subject to change. If it is **medically necessary** for you to use a **prescription** drug that is not on this **drug guide**, you or your **provider** must request a medical exception. See the *Requesting a medical exception* section for more information.

How to access network pharmacies

A network **retail pharmacy** will submit your claim. You will pay your cost share directly to the pharmacy. You can find a network pharmacy online or by phone. See the *Contact us* section in your EOC for how.

You may go to any of our network pharmacies. If you don't get your **prescription** at a network pharmacy, it will not be a **covered service** under the plan.

When the pharmacy you use leaves the network

When your pharmacy leaves the network, you will have to get your **prescriptions** at another network pharmacy. You can use your **provider** directory or call the number on your ID card to find and select another network pharmacy in your area.

How to get an emergency prescription filled

You may not have access to a network pharmacy in an emergency or urgent situation or you may be traveling outside of your plan's **service area**. If you must fill a **prescription** in any of these situations, we will reimburse you as shown in the table below:

Type of pharmacy	Your cost share will be
A network pharmacy	The plan cost share
Out-of-network pharmacy	The full cost of the prescription

When you pay the full cost of the **prescription** at an out-of-network pharmacy:

- You will fill out and send a **prescription** drug refund form to us, including all itemized pharmacy receipts
- Coverage will be limited to items obtained in connection with the out-of-area emergency or urgent situation
- Submission of the refund form doesn't guarantee a refund. If approved, you will be reimbursed the cost of the **prescription** less your network cost share

Pharmacy types

Retail pharmacy

A **retail pharmacy** may be used for up to a 90 day supply of **prescription** drugs. There are no claim forms to complete or submit.

Mail order pharmacy

The drugs available through mail order are maintenance drugs that you take on a regular basis for a chronic or long-term medical condition. A **mail order pharmacy** may be used for up to a 90 day supply of a **prescription** drug.

Specialty pharmacy

A **specialty pharmacy** may be used for up to a 30 day supply of a **specialty prescription drug**. You can view the list of **specialty prescription drugs**. See the *Contact us* section for how.

All **specialty prescription drug** fills after the initial fill must be filled at a network **specialty pharmacy** unless it is an urgent situation.

Partial fills

A partial fill of a Schedule II controlled substance may be dispensed when you or your prescriber request it. Your cost share will be prorated accordingly.

Where your schedule of benefits fits in

You are responsible for paying your part of the cost share for **prescription** drugs covered under the plan. This schedule of benefits lists the **deductibles**, limits and **copayments** or **coinsurance**, if any, that apply to the **covered services** you receive under the **prescription** drug plan.

Your **prescription** drug costs are based on:

- The type of **prescription** you're prescribed
- Where you fill the **prescription**

The plan may make some **brand name prescription drugs** available to you at the **generic prescription drug** cost share.

Precertification requirements that apply

For certain drugs, your **provider** needs to get approval from us before we will cover the drug. This is called **precertification**. The requirement for getting approval in advance guides appropriate use of certain drugs and makes sure they are **medically necessary**. We will tell your **provider** the decision within 72 hours or within 24 hours when you have an **emergency medical condition**.

Step therapy is a type of **precertification** where you must try one or more prerequisite drugs before a step therapy drug is covered. A 'prerequisite' is something that is required before something else. Prerequisite drugs are FDA-approved, may cost less and treat the same condition. If you don't try the prerequisite drugs first, the step therapy drug may not be covered.

Contact us or go online to get the most up-to-date **precertification** requirements and list of **step therapy** drugs. See the *Contact us* section for how.

Utilization review

Prescription drugs covered under this plan are subject to misuse, waste or abuse utilization review by us, your **provider** or your network pharmacy. The outcome of the review may include:

- Limiting coverage of a drug to one prescribing **provider** or one network pharmacy
- Quantity, dosage or day supply limits
- Requiring a partial fill or denial of coverage

Requesting a medical exception

Sometimes you or your **provider** may ask for a medical exception for drugs that are not covered or for which coverage was denied. You, someone who represents you or your **provider** can contact us. You will need to provide us with clinical documentation. Any exception granted is based upon an individual and is a case-by-case decision that will not apply to other members. For directions on how you can submit a request for a review:

- Call the toll-free number on your ID card
- Log in to the Aetna website at <https://www.aetna.com/>
- Submit the request in writing to CVS Health ATTN: Aetna PA, 1300 E Campbell Road, Richardson, TX 75081

You, someone who represents you or your **provider** may seek a quicker medical exception when the situation is urgent. It's an urgent situation when you have a health condition that may seriously affect your life, health, or ability to get back maximum function. It can also be when you are going through a current course of treatment using a non-covered drug.

We will make a coverage decision within 24 hours after we receive your request. We will tell you, someone who represents you and your **provider** of our decision. You can refer to the *Grievance and appeal procedure* section for more information on denial of coverage.

If you had approval for a prescription drug under a prior plan, your prescriber can continue to prescribe the same prescription drug for your medical condition under this plan.

General provisions – other things you should know

Some **prescription** drugs are subject to quantity limits. This helps your **provider** and pharmacy ensure your **prescription** drug is being used correctly and safely. We rely on medical guidelines, FDA-approved recommendations and other criteria developed by us to set these limits.

Any **prescription** drug made to work beyond one month shall require the **copayment** amount that equals the expected duration of the medication.

The pharmacy may substitute a **generic prescription drug** for a **brand name prescription drug**. Your cost share may be less if you use a generic drug when it is available.

Your cost share will not be more than the retail drug price. The amount you pay for the **prescription** drug will apply to your **maximum out-of-pocket limit** and **deductible** if you have one.

How to read your schedule of benefits

How your cost share works

- The **deductibles, copayments and coinsurance**, if any, listed in the schedule below are the amounts that you pay for **covered services**.
- You are responsible to pay any **deductibles, copayments and coinsurance**, if they apply and before the plan will pay for any **covered services**.
- This plan doesn't cover every **prescription** drug. You pay the full amount of any **prescription** drug you get that is not a **covered service**.
- This plan has limits for some **covered services**. For example, these could be visit, day or dollar limits.
- Your cost share may vary if the **covered service** is preventive or not. Ask your **provider** or contact us if you have a question about what your cost share will be.

Important note:

All **covered services** are subject to the calendar year **deductible, maximum out-of-pocket**, limits, **copayment** or **coinsurance** described in the medical plan schedule of benefits unless otherwise noted below.

Schedule of benefits

Prepared for:

Contract holder: SARES REGIS OPERATING COMPANY, L.P.

Contract holder number: 0868992

HMO group agreement effective date: January 01, 2024

Plan name: HMO

Plan effective date: January 01, 2024

Schedule of benefits

This schedule of benefits (schedule) lists the **deductibles**, **copayments** or **coinsurance**, if any apply to the **covered services** you receive under the plan. You should review this schedule to become aware of these and any limits that apply to these services.

How your cost share works

- The **deductibles**, **copayments** and **coinsurance**, if any, listed in the schedule below are the amounts that you pay for **covered services**.
- You are responsible to pay any **deductibles**, **copayments** and **coinsurance** if they apply and before the plan will pay for any **covered services**.
- This plan doesn't cover every health care service. You pay the full amount of any health care service you get that is not a **covered service**.
- This plan has limits for some **covered services**. For example, these could be visit, day or dollar limits.
See the schedule of benefits for more information about limits.
- Your cost share may vary if the **covered service** is preventive or not. Ask your **physician** or contact us if you have a question about what your cost share will be.

For examples of how cost share and **deductible** work, go to the *Using your Aetna benefits* section under Individuals & Families at <https://www.aetna.com/>.

Important note:

Covered services are subject to the calendar year **deductible**, **maximum out-of-pocket**, limits, **copayment** or **coinsurance** unless otherwise noted in this schedule of benefits. The *Surprise bill* section in the certificate explains your protections from a surprise bill

How your deductible works

The **deductible** is the amount you pay for **covered services** each year before the plan starts to pay. This is in addition to any **copayment** or **coinsurance** you pay when you get **covered services** from an in-network **provider**. This schedule of benefits shows the **deductible** amounts that apply to your plan. Once you have met your **deductible**, we will start sharing the cost when you get **covered services**. You will continue to pay **copayments** or **coinsurance**, if any, for **covered services** after you meet your **deductible**.

How your PCP or physician office visit cost share works

You will pay the **PCP** cost share for **covered services** from your selected **PCP**. If you do not select a PCP, we will choose one for you.

How your maximum out-of-pocket works

This schedule of benefits shows the **maximum out-of-pocket limits** that apply to your plan. Once you reach your **maximum out-of-pocket limit**, your plan will pay for **covered services** for the remainder of that year.

Plan features

Deductible

You have to meet your **deductible** before this plan pays for benefits.

Deductible type	In-network
Individual	\$1,500 per calendar year
Family	\$3,000 per calendar year

Deductible waiver

There is no **deductible** for the following **covered services**:

- Preventive care
- Family planning services – female contraceptives

Maximum out-of-pocket limit

Includes the **deductible**

Maximum out-of-pocket type	In-network
Individual	\$3,000 per calendar year
Family	\$6,000 per calendar year

General coverage provisions

This section explains the **deductible**, **maximum out-of-pocket limit** and limitations listed in this schedule.

Deductible provisions

The **deductible** may not apply to some **covered services**. You still pay the **copayment** or **coinsurance**, if any, for these **covered services**.

Individual deductible

You pay for **covered services** each year before the plan begins to pay. This individual **deductible** applies separately to you and each covered dependent. After the amount paid reaches the individual **deductible**, this plan starts to pay for **covered services** for the rest of the year.

Family deductible

You pay for **covered services** each year before the plan begins to pay. After the amount paid for **covered services** reaches your family **deductible**, this plan starts to pay for **covered services** for the rest of the year. To satisfy this family **deductible** for the rest of the year, the combined **covered services** that you and each of your covered dependents incur toward the individual **deductible** must reach this family **deductible** in a year. When this happens in a year, the individual **deductibles** for you and your covered dependents are met for the rest of the year.

Copayment

This is a flat fee you pay for certain visits or **covered services**. A copay can be a dollar amount or percentage. This is in addition to any out-of-pocket costs you have to pay to meet your **deductible**, if you have one.

Coinsurance

This is the percentage of the bill you pay after you meet your **deductible**. This is in addition to any out-of-pocket costs you have to pay to meet your **deductible**, if you have one.

Maximum out-of-pocket limit

The **maximum out-of-pocket limit** is the most you will pay per year in **copayments**, **coinsurance** and **deductible**, if any, for **covered services**.

Individual maximum out-of-pocket limit

- This plan may have an individual and family **maximum out-of-pocket limit**. As to the individual **maximum out-of-pocket limit**, each of you must meet your **maximum out-of-pocket limit** separately.
- After you or your covered dependents meet the individual **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **covered services** that would apply toward the limit for the rest of the year for that person.

Family maximum out-of-pocket limit

After you or your covered dependents meet the family **maximum out-of-pocket limit**, this plan will pay 100% of the eligible charge for **covered services** that would apply toward the limit for the remainder of

the year for all covered family members. The family **maximum out-of-pocket limit** is a cumulative **maximum out-of-pocket limit** for all family members.

To satisfy this **maximum out-of-pocket limit** for the rest of the year, the following must happen:

- The family **maximum out-of-pocket limit** is met by a combination of family members
- No one person within a family will contribute more than the individual **maximum out-of-pocket limit** amount in a year

If the **maximum out-of-pocket limit** does not apply to a **covered service**, your cost share for that service will not count toward satisfying the **maximum out-of-pocket limit** amount.

Certain costs that you have do not apply toward the **maximum out-of-pocket limit**. These include:

- All costs for non-covered services which are identified in the EOC and the SOB

Your financial responsibility and decisions regarding benefits

We base your financial responsibility for the cost of services on when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of **stays** that occur in more than one year. Decisions regarding when benefits are covered are subject to the terms and conditions of the group agreement.

Covered services

Cost share based on type of service and where or **provider** from which it is received means your cost share is determined by the **provider** who provides your **covered service**.

Your **telemedicine** cost share will not be more than your in-person visit for the same **covered service**.

You may receive a bill for the difference between the amount billed by the **provider** and the amount paid by the plan. If the **provider** bills you for an amount above your cost share, you are not responsible for payment of that amount.
